ALL ONLINE CTE COURSES HELD AT CAREER TRAINING CENTER RM 101—M-TH 1:30PM—6:30PM

BUSINESS LAW #1141220
This course is designed to provide students with the knowledge of some of the vital legal concepts that affect commerce and trade, gaining familiarity with how laws are created and interpreted. Students will be introduced to the types of businesses that can be created to engage in commerce as well as the contractual and liability considerations that can impact business. Laws, global commerce and international agreements, treaties, organizations and courts that can affect business will also be discussed. Additional consumer/environmental protections and bankruptcy options will be explained as well as options for dispute resolution and alternative dispute resolution.

FUNDAMENTALS OF PROGRAMMING & SOFTWARE DEVELOPMENT #1157290
This course will provide students with an understanding of basic software development concepts and practices, issues affecting the software industry, careers within the software industry, and the skills necessary to perform well in these occupations. They will learn about core concepts in programming using Java, writing and debugging code, proper syntax, flow of control, order of operations, comparison operators, and program logic tools and models. They will learn the function of key program techniques including if statements, looping, and arrays. They will also learn about web development, the software development life cycle, programming languages, etc.

OFFICE APPLICATIONS 1 #1146140
This course explores the use of application skills in Microsoft Word, Publisher, and PowerPoint 2010. Students will use these applications to design, develop, create, edit, and share business documents, publications, and presentations.

OFFICE APPLICATIONS 2 #1146220
This course explores the use of applications skills in Microsoft Excel (spreadsheet terminology, data entry, formatting, formulas, functions, charts, graphs, and feature in the backstage view) and Microsoft Access (relational database terminology, creating/modifying tables, forms queries, and reports). Students will use these applications to design, develop, create, edit, and share business spreadsheet and database documents.

INTRO TO INFORMATION TECHNOLOGY #1146130
This course introduces student to the knowledge base and technical skills that will help them to successfully compete for jobs within the Information Technology Career Cluster. In addition to learning about career tracks for this cluster, students will learn the basic components and structure of a computer system, design and implement a basic network while being introduced to multiples types of network systems, apply mobile computing technology capabilities to learning and business, identify a variety of operating systems, plan develop and implement an information system, etc.

INTRODUCTION TO HUMAN SERVICES #1158000
This course introduces high school students to the possibilities for careers in the human services professions with entry-level positions, such as associate social workers, that require only a two-year Associate of Arts degree, to being a psychiatrist which requires many years of school and training. Students will learn exactly what the human services are, the ethics and philosophies of the helping professions, the history of the profession, as well as the impact of the cultural, social, and economic environment on individual people, especially those who are in need of social services assistance.

PRINCIPLES OF BUSINESS & FINANCE #1141270
This course introduces students to the fundamental structure of the American economy, the complexities of the global economy, and the principles, practices, and strategies associated with starting, managing or simply working for a business.

TECHNOLOGY AND BUSINESS #1141240
In this course students gain an understanding of emerging technologies, operating systems, and computer networks. Additionally, they create a variety of bundle business documents including complex word processing documents, spreadsheets with charts and graphs, database files, and electronic presentations.

SMALL BUSINESS ENTREPRENEURSHIP #1141210
This course provides students with the skills needed to effectively organize, develop, create, and manage their own business while exposing them to the challenges, problems, and issues faced by entrepreneurs.

4/20/2016
WHAT IS COMMUNITY CLASSROOM?
Community Classroom is unpaid training at a job site. Training usually takes place during your class hours. It is your responsibility to secure transportation to and from the site. Student must be at least 16 years old.

HOW DO I ENROLL?
Register with your career technician on your high school campus or call 909-347-3400 x-1322 or 909-980-6490. Registration is available online at www.baldyviewrop.com (NOTE: You must attend class on the first day or you may be dropped.)

WHAT GRADE LEVELS CAN ATTEND THE SUMMER SESSION?
Enrollment is open to students who will be in the 9th, 10, 11th, 12th for the 2016/2017 school year. Graduating Seniors for 2015/2016 may enroll in Introduction to Construction and Industrial Trades only.

IS THERE A FEE FOR ROP CLASSES?
As of July 1, 2015, BVROP is no longer direct-funded by the State of California. BVROP is now funded by our member districts, as a service provider supporting their local control accountability plans (LCAPs).

Our agreement with our member districts for these funds provides that ROP/CTE services are reserved for students attending high schools, continuation high schools, and alternative high schools belonging to Chaffey JUHSD, Chino Valley USD, Claremont USD, and Upland USD.

All other grade 9-12 students or school entities may access BVROP services by contacting Forest DeRenzo, Assistant Superintendent of Educational Services (forest_derenzo@bvrop.org) to obtain the fee-for-service costs and registration protocol.

CAN I ENROLL IN MORE THAN ONE COURSE?
Yes. You can enroll in multiple courses as long as the class schedules do not conflict.

WILL I RECEIVE A CERTIFICATE?
Yes. You must earn a “C” or better at completion of your ROP class to receive a certificate.

IS THERE AN AGE REQUIREMENT?
Some classes have an age requirement. Courses which have requirements and/or prerequisites can be found at the conclusion of each course description.
